PROPOSAL SUBJECT

AIVOA LIMS Enterprise Suite

Cloud SaaS Licensing & Implementation Proposal for
50 Users with native 21 CFR Part 11 compliance, CSV
validation readiness, and AI-driven laboratory
automation.

1. EXECUTIVE OVERVIEW

Architected for Zero Regulatory Gaps & High Throughput

AIVOA LIMS Enterprise Suite delivers a modern, high-performance architectural foundation for pharmaceutical, medical device, and contract testing environments. Designed to eliminate manual transcriptions and regulatory risks, it seamlessly bridges laboratory testing execution, asset availability, dynamic client specifications, and electronic compliance.

2. FUNCTIONAL SCOPE & PACKAGE BREAKDOWN

Included Modules & Capabilities (Up to 50 Concurrent Users)

1. Sample & Master Data Management

CORE

- ✓**Multi-Sponsor / Dynamic Specs:** Hybrid data model supporting common test parameters mapped to client-specific limits and STPs without database bloat.
- ✓**Sample Inwarding & Chain of Custody:** Intake verification logging package seal condition, priority TAT flags, and storage requirements.
- ✓**Stability & Retention Tracking:** Complete ICH Q1A stability pull tracking and automated retention sample location mapping.
- ✓**Barcode & Labeling:** Automated AR Number and 2D barcode generation ready for thermal printing (Zebra ZD421 compatible).

2. Laboratory Execution & Workflows

CORE

- ✓**Hierarchical Task Allocation:** Work planner allowing Lab Managers to assign tasks by category (Chemical, Micro, Packaging) or down to specific analysts per parameter.
- ✓**Separate ATR & CoA Generation:** Independent Analytical Test Reports (ATRs) per department with final consolidated Certificate of Analysis release.
- ✓**Automated OOS/OOT Workflows:** Immediate specification breach detection with direct handoff to eQMS investigation workflows.
- ✓**Maker/Checker Approval Engine:** Strict dual-person verification enforcing regulatory sign-offs before batch release.

3. Reagents, Standards & NPM

INVENTORY

- ✓**Reference & Working Standards:** Expiry tracking, potency adjustment, and usage logs during result entry.
- ✓**Volumetric Solutions & Media:** Preparation logs, standardization records, and automated expiry locks.
- ✓**NPM Quality Control:** Non-Product Material testing workflows enforcing GxP change control protocols.

4. Equipment & Facility Mapping

ASSETS

- ✓**Shared Asset Master Engine:** Real-time cross-referencing with QMS Equipment register filtering lab instruments.
- ✓**Hard Calibration System Lockouts:** Prevents analysts from executing tests or saving data using expired or uncalibrated instruments.
- ✓**Facility & Environmental Mapping:** Mapped QC Block and utility areas for environmental monitoring trend tracking.

5. Compliance & CSV Enablers

ALCOA+

- ✓**US FDA 21 CFR Part 11 & EU Annex 11:** Immutable, field-level time-stamped audit trails with reason-for-change prompts.
- ✓**CSV Validation Support Package:** Pre-packaged GAMP 5 Category 4 validation templates (URS, FRS, Traceability Matrix, and IQ/OQ execution scripts) for Medtech CSV review.
- ✓**Role-Based Security:** Strict granular permissions across Analysts, Lab Supervisors, QA Approvers, and System Admins.

6. AI & Intelligent Automation

AI
ENGINE

- ✓**Vision AI Vendor Label Scanner:**
Scans vendor/sample barcodes and physical labels to auto-populate batch, product, mfg, and expiry details instantly.
- ✓**AI Certificate of Analysis (CoA) Drafting:**
Automatically pulls approved test parameters into audit-proof PDF CoAs formatted to client-specific layouts.
- ✓**Analytical Trend & Anomaly Detection:**
Monitors historical testing values to flag subtle instrument drift or OOT trends before failure occurs.

Investment Summary

ONE-TIME INVESTMENT

ONBOARDING

Implementation & CSV Onboarding

One-time fee for deployment, configuration, and validation handholding.

- Multi-Sponsor System Configuration & Database Setup
- Master Data Migration Support (Test Library & Item Specs)
- CSV Documentation Package (IQ/OQ Executable Protocols)
- User Training for up to 50 Users (Analyst + QA)
- Hypercare Go-Live Support (30 Days)

Total One-Time Fee:

₹ 2,00,000 (₹ 2 Lakhs)

+ Applicable GST (18%)

ANNUAL RECURRING

ANNUAL SAAS SUBSCRIPTION

AIVOA Cloud SaaS License (50 Users)

Annual recurring subscription covering platform usage, hosting, and AI engines.

- Full Access for 50 Concurrent User Accounts
- Dedicated GxP-Compliant Cloud Hosting (AWS/Azure India)
- Vision AI Scanner & Automated CoA Drafting API tokens
- Daily Encrypted Automated Backups & Disaster Recovery
- Product Upgrades, Security Patches & 99.9% Uptime SLA

Annual Recurring SaaS Fee:

₹ 3,00,000 / year (₹ 3 Lakhs)

+ Applicable GST (18%) | Billed Annually in Advance

PAYMENT TERMS & DELIVERY COMMITMENT

One-Time Implementation Payment Milestones:

- 50% Advance along with Official Purchase Order (PO)
- 40% upon completion of User Acceptance Testing (UAT)
- 10% upon Final System Go-Live & Sign-off

Timeline & Delivery Commitment:

- **Environment Setup:** Within 5 business days from PO
- **User Training & Data Load:** Weeks 2 to 3
- **UAT & Validation Review:** Week 4
- **Target Go-Live:** 30 Days from Kickoff

4. ACCEPTANCE & AUTHORIZATION

By signing below, the parties agree to the scope, commercial terms, and conditions outlined in this proposal. A formal SaaS Agreement and Service Level Agreement (SLA) will be executed upon receipt of the signed proposal or Purchase Order.
